One day per week
What's it like? See what our students say!

"I have grown incredibly during my internship. I interned in many areas at my church including the worship and production department, youth department, and the community care department. I feel that I am coming out of this year with a greater appreciation for how my church serves the community as well as being better equipped for life and life in ministry."
Ethan Genge, King's Church

"As an intern at my local church, I have the opportunity to get an inside look at how worship and production runs on a weekly basis. I also have the honour of being a part of running the production for our church conferences, cultivating an environment for people to encounter God. Interning has helped me to sharpen and strengthen my God-given abilities and prepare me for my future."
Jared Taylor, iSEE CHURCH
